Snowy Girl lives in Massachusetts. She is a gentle, curious Californian who loves people, other bunnies, cuddling and fun!

Packed for 2015

**\$3.00**

Harvest leaves and stems once they are large enough. Parsley flavor improves with successive cuttings. You can also harvest the whole plant, cutting at the soil level, and it will regrow. Pot up a plant for indoor, winter production.

More information at

[www.bunniesinbaskets.org](http://www.bunniesinbaskets.org) Rosie lives in Burlington, Wisconsin. Rosie is 7 months old. She loves to explore the house, play with Roxy (the family dog), and loves attention from everyone!

Packed for 2015

**\$3.00**

Begin harvesting leaves when the plant is 6 inches tall. Cilantro leaves are best used fresh. Allow a few plants to go to seed; harvest the seeds when they turn brown by shaking the seed heads over a paper bag. Allow them to dry before storing them in an airtight container.
